MISS HELTON AND MR. WAHL

ANNUAL SPONSOR

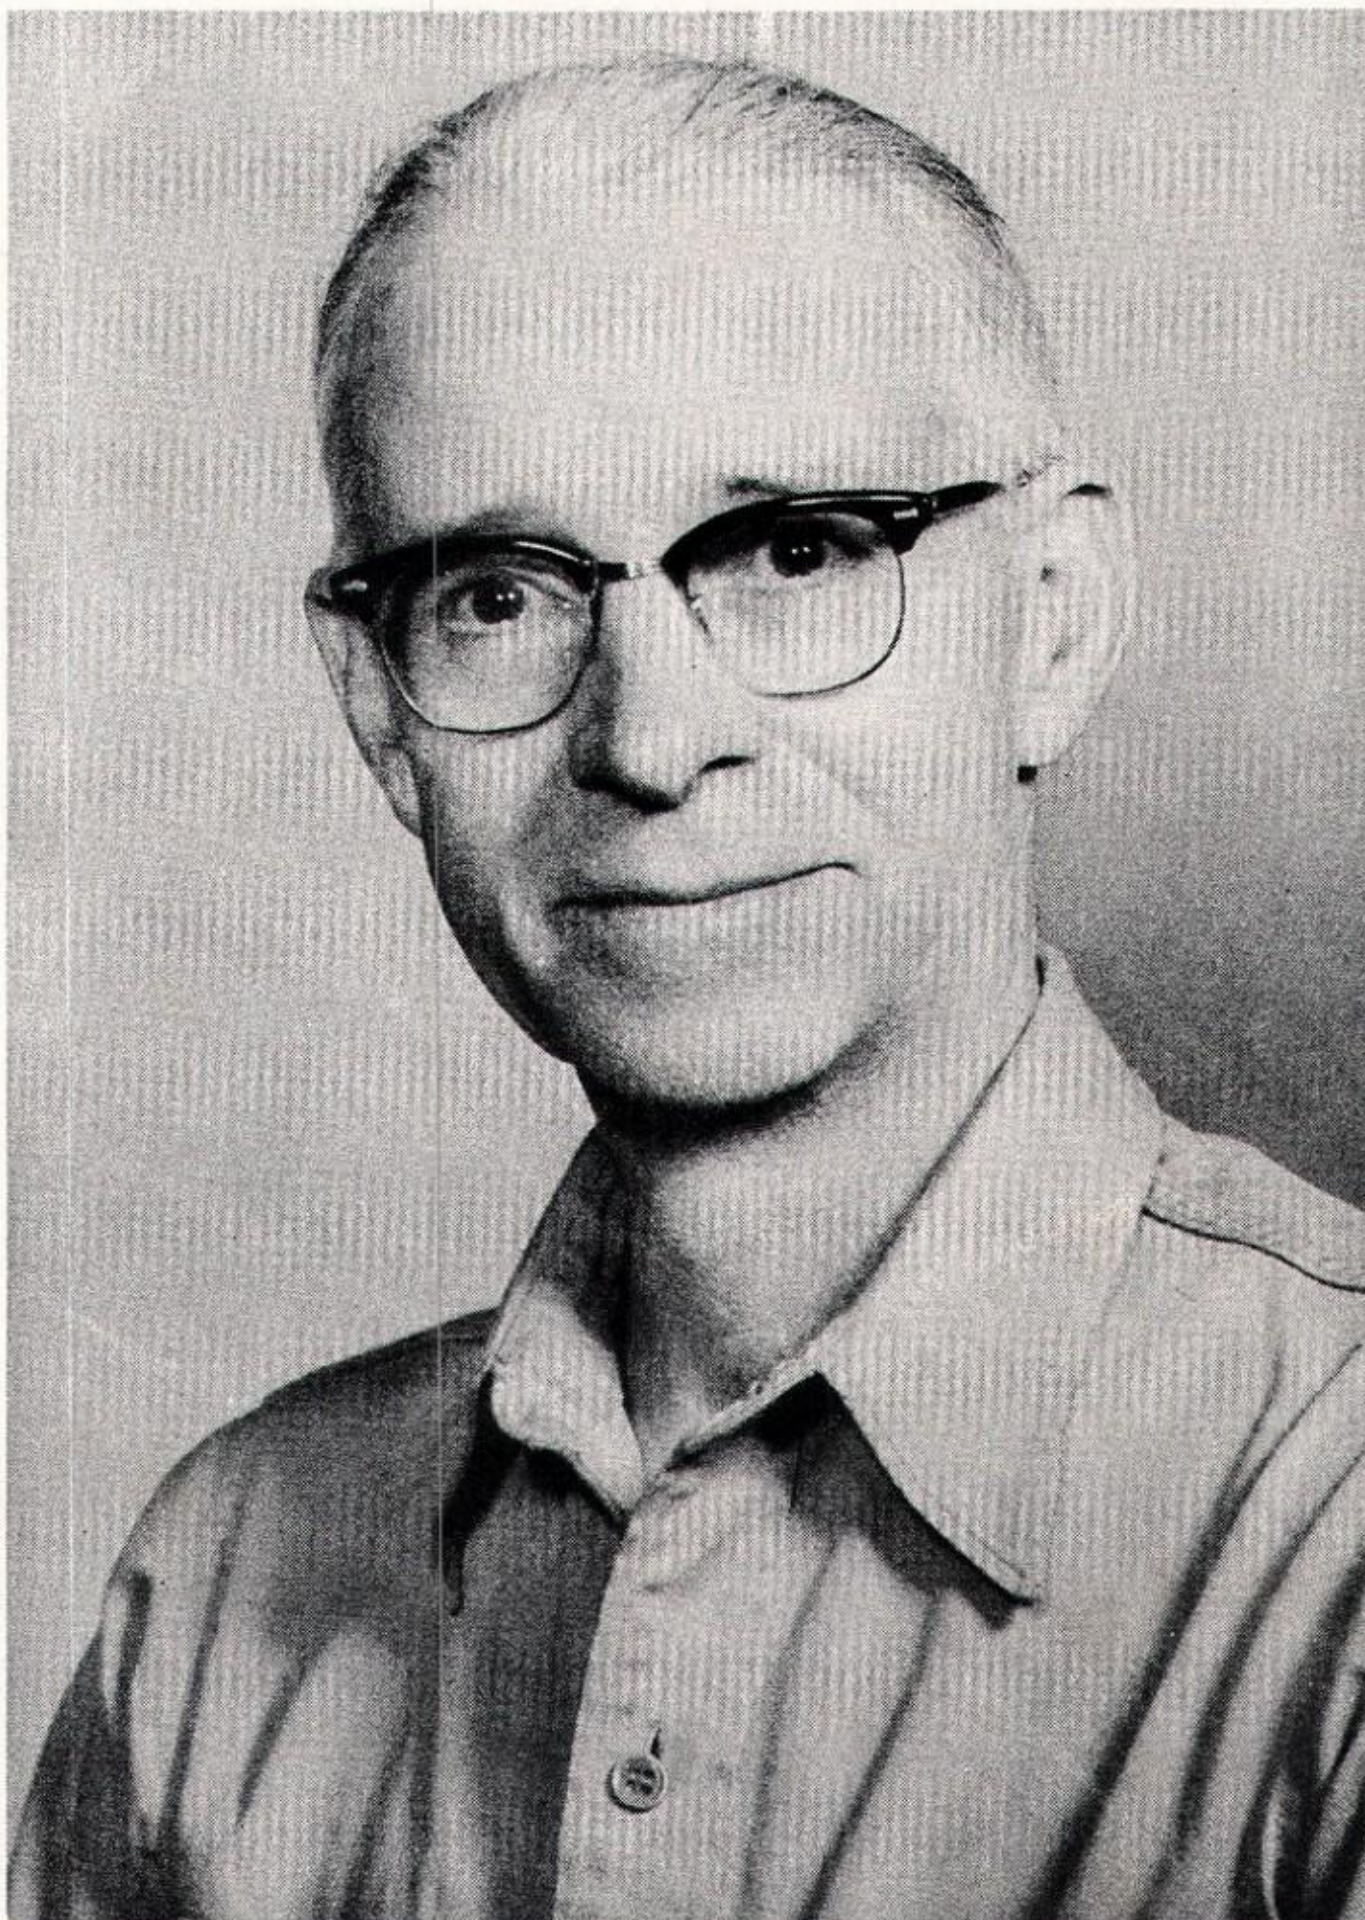

MR. WAHL

We, the class of 1955, would like to change the name of our yearbook to "ARIES", the original and proper name. Many of our students don't know the real meaning of this word "ARIES", which means "RAM".

Don't you think our choice was a good one? We hope in the future other classes will follow the same procedure.

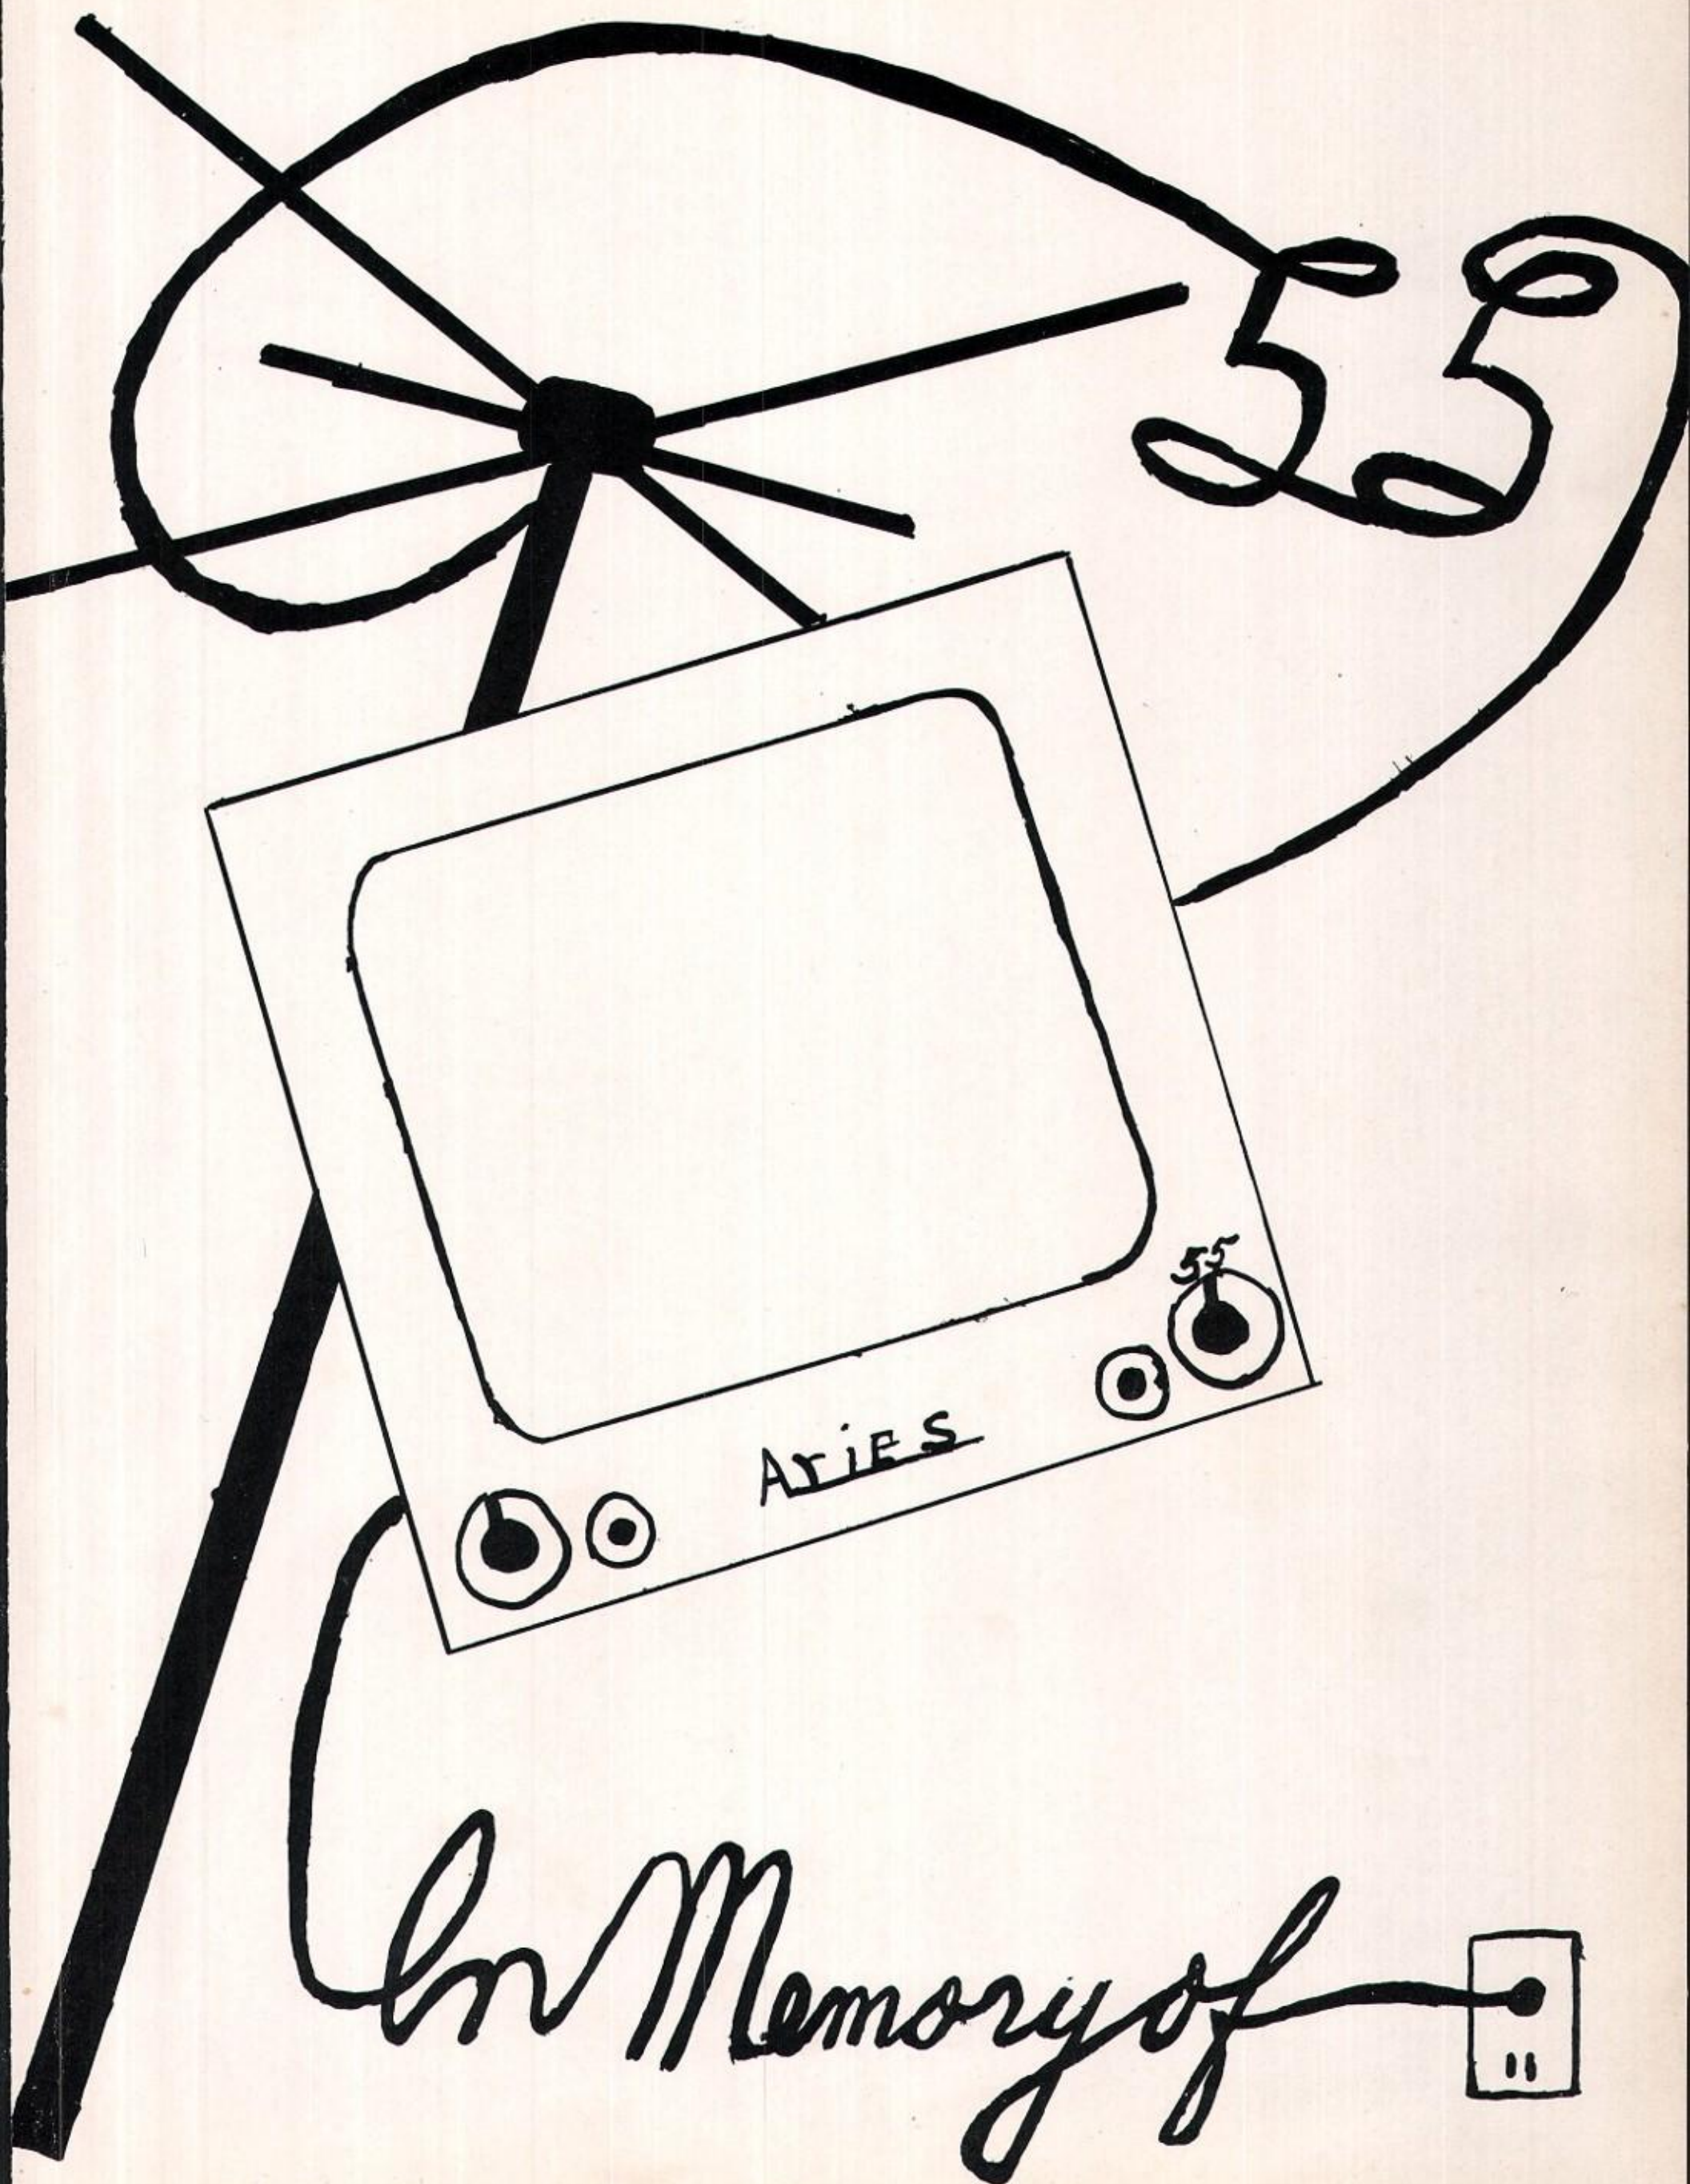

Hi Mac!

We, the senior class of 1955, wish to dedicate
our annual to our friend and custodian, J. B. McDonald.

In memory of Mr. L. Burch, our
former trustee and friend.

To our true friend, Mr. S. B.
Merica, may Grovertown's halls never
cease to fulfill his dreams.

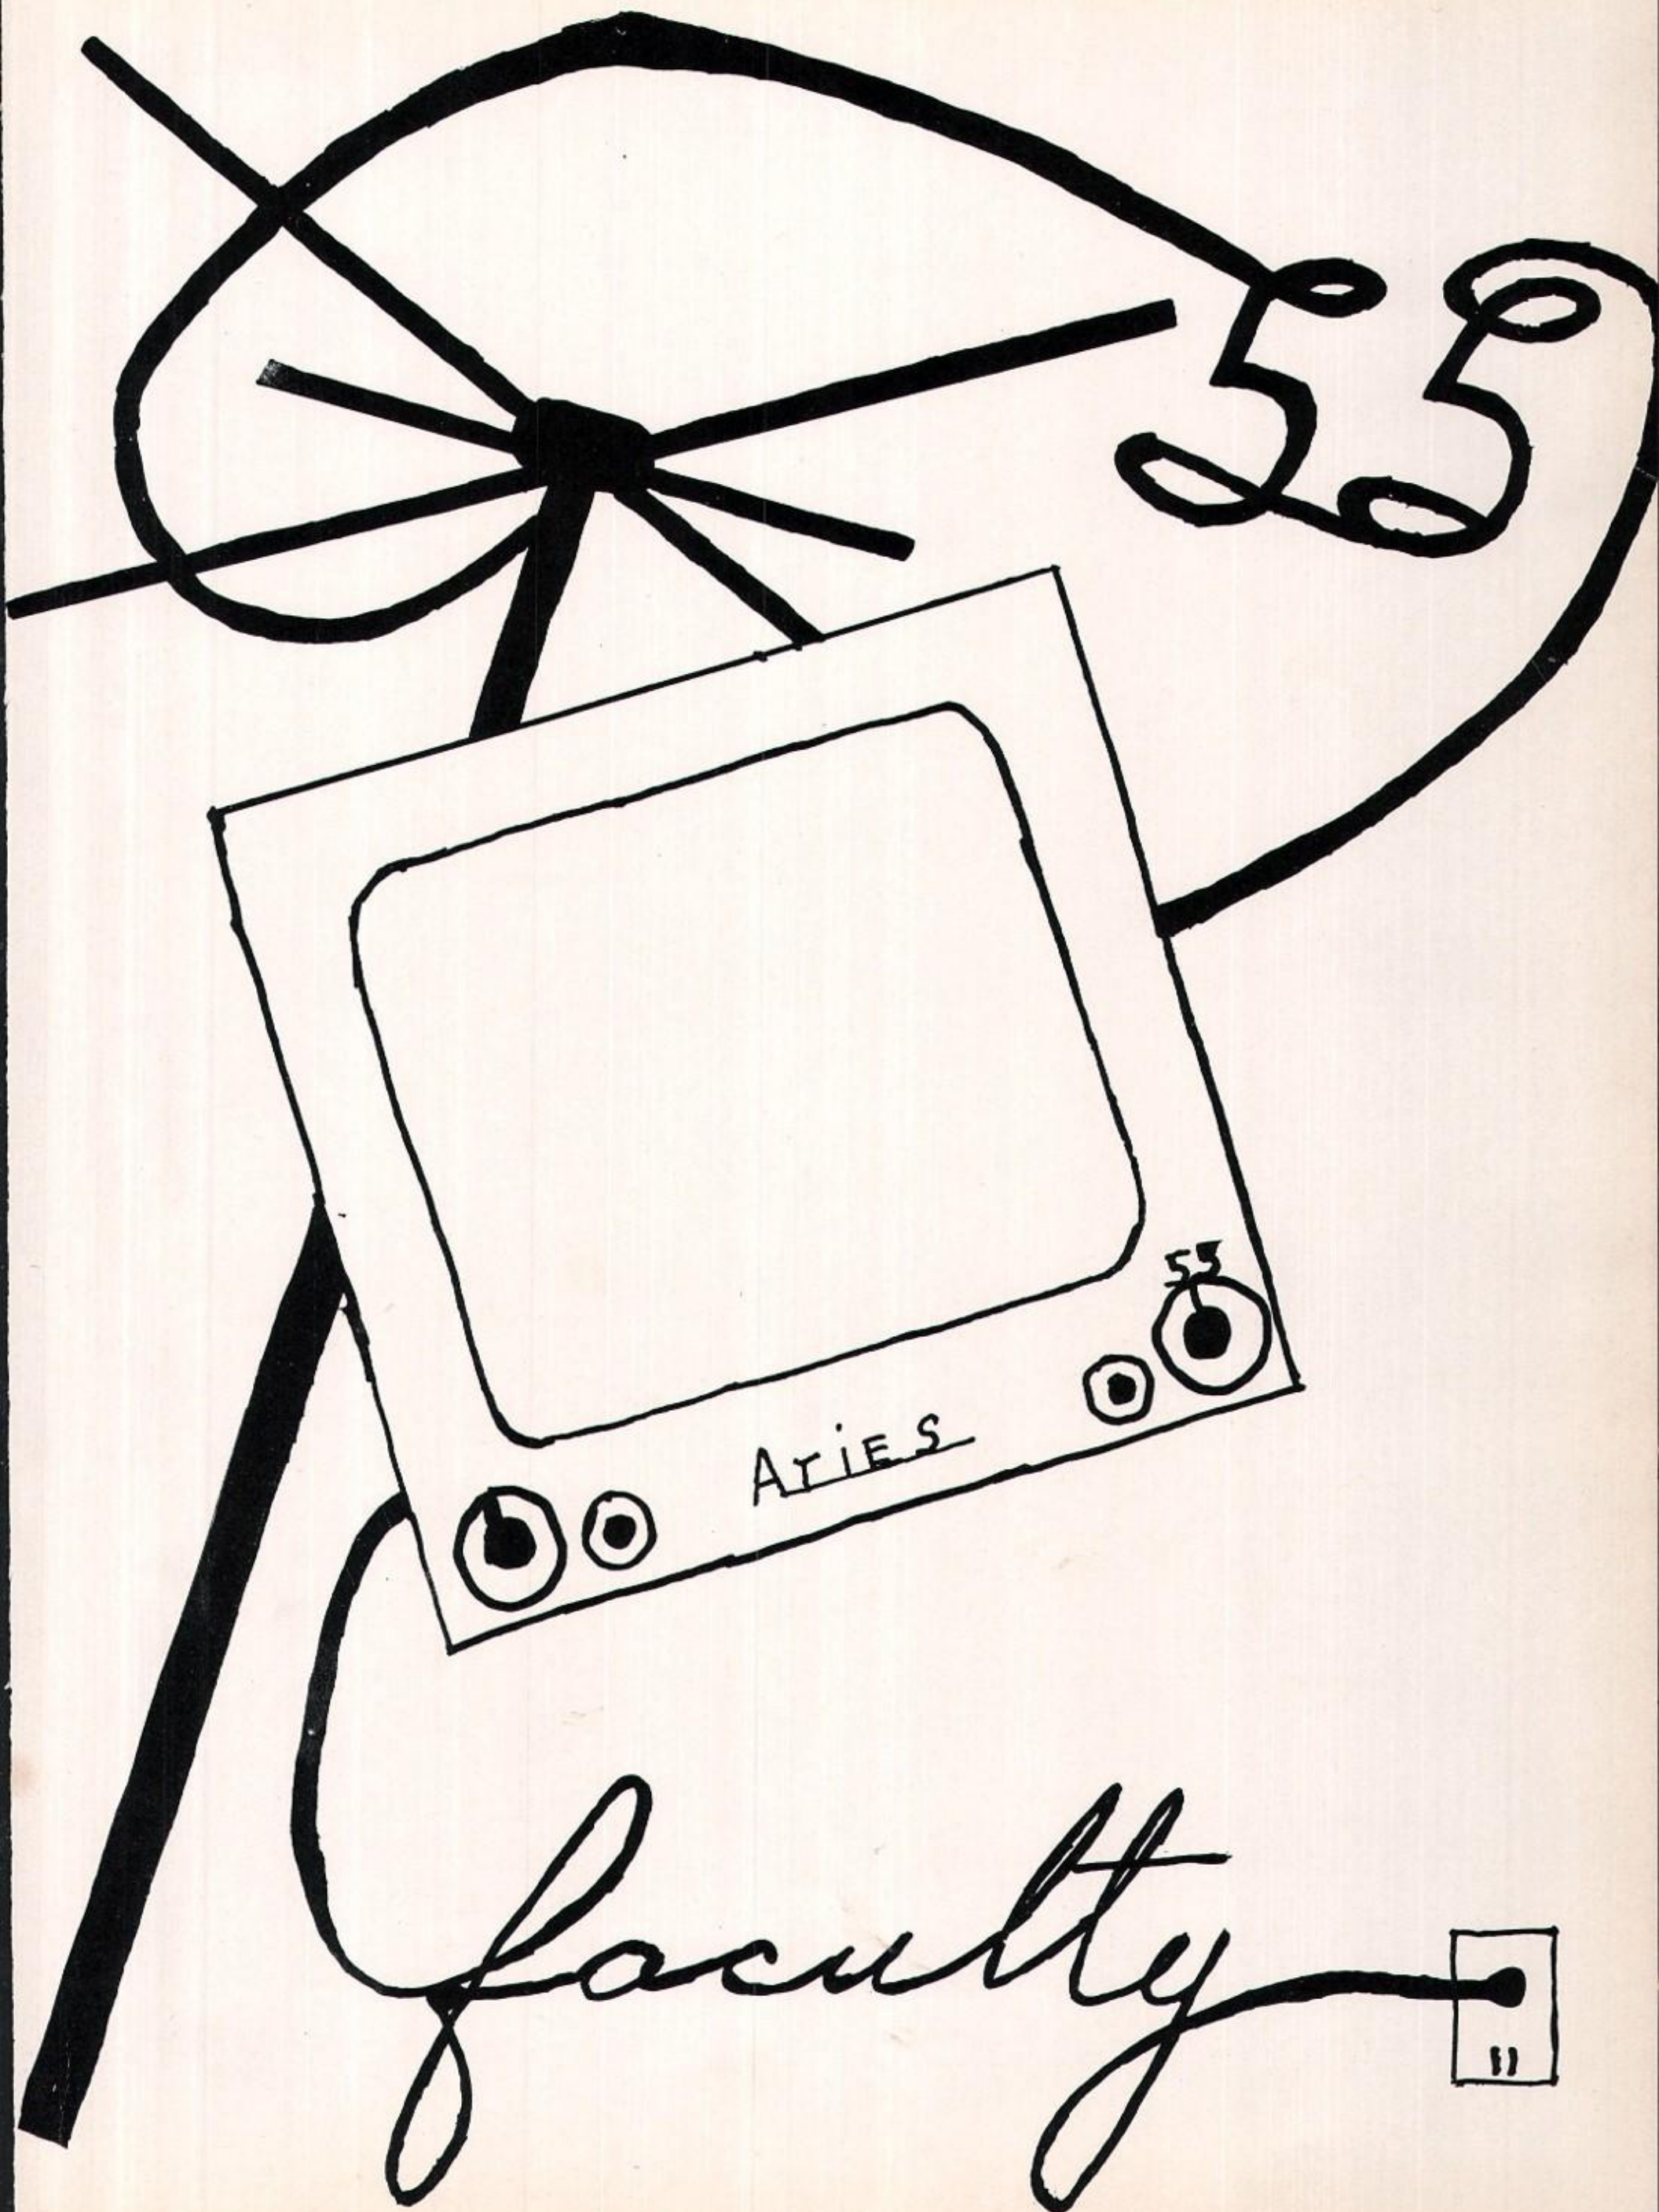

Though they are no longer with us, their
influence will be felt for many years to come.

Ten Years Hence

Here we are at the beautiful new Grovertown Memorial Auditorium in the spring of 1965. Where today there is going to be a class reunion of the class of "55".

As we enter we see Bob Kelly, the president of the Buick division of General Motors talking to Ted Fellner, a prominent dentist from New York. As we are looking around inside who should we see but Jerome Howard, who now pitches for the Chicago Cubs and talking with him is Grovertown's new basketball coach, Bob Burris, and in the conversation is Art Borrelli who is manager of the Minneapolis Lakers. As we are reminiscing together, a couple more of our classmates come in and they are none other than DeAnna Janovic, the famous fashion designer of New York and Paris, and her leading model, Judy Harness. They said they saw Charles Schumacher who was the pilot that flew them from Paris and that he will be over as soon as he checks out of the airport. Now everyone seems to be coming. Another one of the famous seniors of "55" is Betty Hickman, who owns a chain of beauty salons across the country.

In walks Daniel Paulsen and Carl Shively; they tell us that Daniel is Dean of Chemistry at Purdue University and Carl is Dean of Math. Also, while talking about school, who should walk in but another former classmate, Lois Cranmer, who is now home economics teacher at Grovertown. As we are all talking together, another one of our former classmates steps into the conversation. She is none other than Carol Kessler. She tells us that she is happily married and has her own Dairy Queen. Helen Olds and Erma Whitaker just came in so we go over and greet them. Helen tells us she owns a chain of drug stores and that Erma is her business manager. They also told us that on their way to the reunion, they saw Yvonne Beem who we haven't seen since her marriage. We're sorry she can't be with us today but she has just left for Europe and wouldn't be back for a few weeks.

As we wander on around the auditorium, we see Jim Clark and Eva Riffey. Jim, who has taken over his dad's hay business, now supplies half the United States with hay and straw. And Eva tells us she is now head mechanic in her father's garage. Wait a minute, who is that attractive looking gentleman coming through the door; it is none other than Paul Podd, the famous dental technician.

Well, the hour is late and we'll have to be leaving soon. We all hope we can get together some other time and have another reunion.

Class History

In the year 1943, 36 little hopefuls were handed an apple, given a goodbye kiss from a tearful mother and sent off for their first day at the Grovertown Institution of Learning.

Today seven of them still remain. They are Judy Harness, Carl Shively, Lois Cranmer, Bob Burris, Jerome Howard, Jim Clark, and Eva Riffey. Joining us in the last half of the first grade was Helen Olds.

Erma Whitaker joined us in 1944. Yvonne Beem, Arthur Borrelli, and Charles Schumacher in 1945. In the fourth grade, Daniel Paulsen came from Chicago. Ted Fellner, our class president for the last two years, joined us in '47. Betty Hickman joined the jr. high class in 1949 from Plymouth. In 1950, DeAnna Janovic and Carol Kessler joined our noisy and mischievous class. Then in 1951, 28 eager-for-high-school students graduated from the eighth grade. Twenty-eight green freshies entered high school in '51 with the usual ceremony. Seventeen of them now remain. Bob Kelly joined our class from Chicago during our sophomore year and the last half of our senior year, Paul Podd, who was in our class in the fourth grade, just had to come back.

Many students have come and gone since we entered high school and it would be hard to name them all so we will just mention the junior and senior year. Carol Amor left to become Mrs. Carl Rosander. Mary Kay Newell, Billy Justice, who was seen at the Mill-creek game, Paul Janiszewski, Delbert Rosander are some others.

We were all sorry to see them leave and will think of them that great day when we receive our diplomas.

Organizations

Library

The library in its new location, adjacent to the study hall, is convenient to the students and is enjoyed by many.

Our library group has become a unit of service in our school.

Office Practice

To lessen the work of the teachers and Mr. Wahl, we have this class. The class also types and helps put out the school paper.

Shop

We learn to do by doing.

The way to a man's heart is through his stomach.

Chemistry

This is the first year this course has been offered. New equipment is being added as money is available.

Department of Audio Visual Education

The equipment is for the whole school's use. And, at one time or another, has brought enjoyment to every one.

Journalism

Journalism was offered as an elective subject this year. Since this course mainly teaches about news writing and reading, we have become more conscious of the parts of a newspaper.

Through some practice in reporting for the school newspaper, we learned more about the publishing of a paper.

Driver Training

This is the first class to have behind the wheel instruction in driver training.

Chorus

Our chorus showed steady progress this year in the reading and performing of choral music. Some four-part songs were learned, and were performed at the Easter program and Commencement.

Band

The band personnel were generally good musicians this year, but performance of a great deal of music was not possible because of the serious lack of instrumentation.

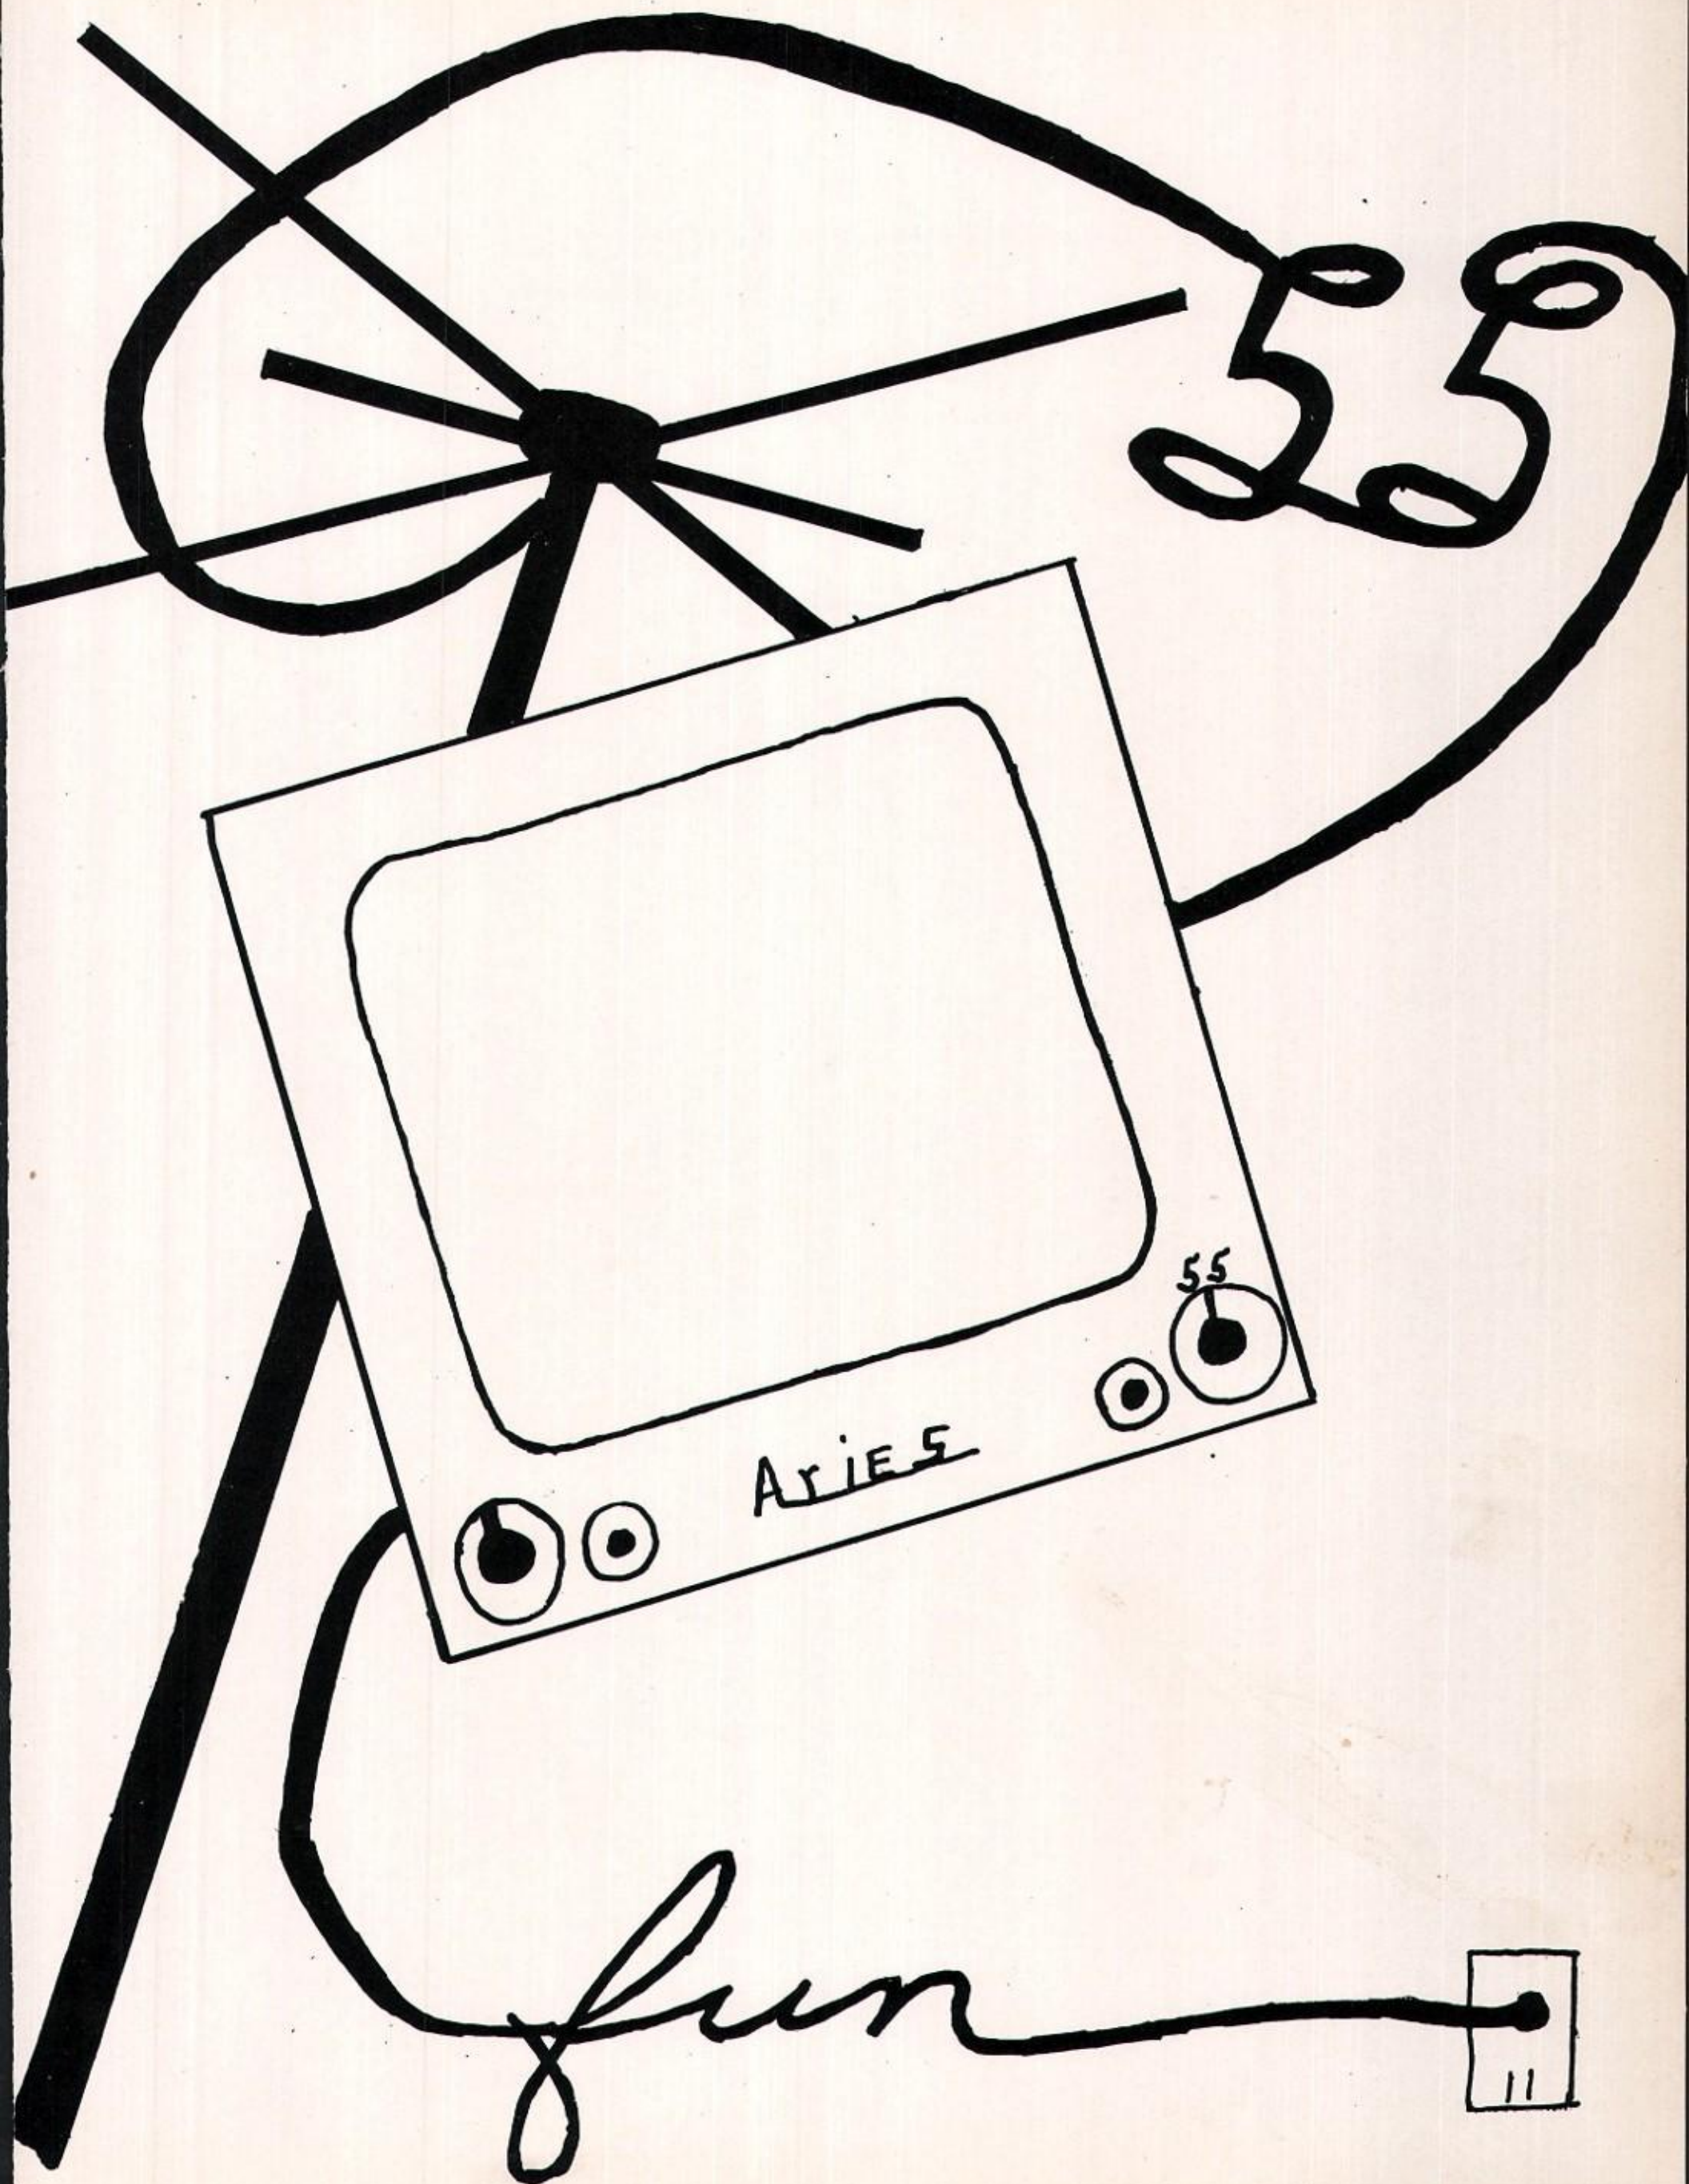

Girls' Gym Class

A volleyball team represented our school in several games.

Boys' Gym Class

This is the freshman and sophomore boys' gym class.

Grovertown Senior Class Trip

Plans have now been completed for the annual trip of the Grovertown High School senior class. This year's graduating class decided on a twelve day junket thru the East. A brief outline of the trip follows.

At 5:30 on Sunday, May 22, this group will leave the Grovertown School and head south for the Ohio River. The first night will be spent at Lexington, Ky., in the heart of the blue grass and horse country. Here they will see the Whitney racing farms and several other famous horse farms. If time permits they will also take a side trip to Bardstown, visit the Steven Foster shrine, "My Old Kentucky Home" where Steven Foster visited his cousins and did some of his best writing. The house and grounds are very well preserved and guides conduct tours of the old mansion.

The second day will be spent in crossing the states of Kentucky and Tennessee. Stops will be made at various places of interest and beauty. The route will lead across Norris Dam of the T. V. A. development, and through Knoxville, to the mountain resort town of Gatlinburg.

Gatlinburg is at the foot of the Great Smoky Mts. Historic and folk lore abound in Gatlinburg. Here the group may purchase homespun woolen and many other articles of interest. The class will remain in Gatlinburg May 23, 24, and 25.

Of the many interesting and beautiful scenes to be found here this group will see the places listed below. Cades Cove, one of the oldest communities in the Smokies. Here people have lived for over two hundred years without want of the necessities of life. In this serene little valley, on the "Top of the World", the early settlers found level fertile fields, timber, iron ore, water power and most of all peace of mind. To the top of Clingmans Dome, the highest point in the eastern mountains, Newfound Gap in the old Appalachian Trail, the Cherokee Indian Reservation and many countless beautiful scenes in and around Gatlinburg.

On May 26, the group will move on to Durham, North Carolina, for a night and then a short drive to Virginia Beach, Va., arriving the afternoon of the 27th. While here the group will visit the huge naval base at Norfolk, take a moonlight excursion across the Chesapeake Bay, and of course make use of the bathing beach by the hotel.

May 29 and 30 will be spent in Washington D.C. There are far too many places to go but the class plans to see a few of them. The Washington Monument, Lincoln Monument, Mount Vernon, the Capital, National Cathedral, and Washington at night.

On May 31, the class will leave Washington and stop for the night at Gettysburg, Penn. Here a tour of the battlefields and other interesting relics of this great battlefield.

June 1 finds the group rolling along thru the apple country headed for the Penn. turnpike, over the turnpike thru the rolling Pennsylvania hills, to the Ohio state line, and on to Wooster, Ohio, for the last night out.

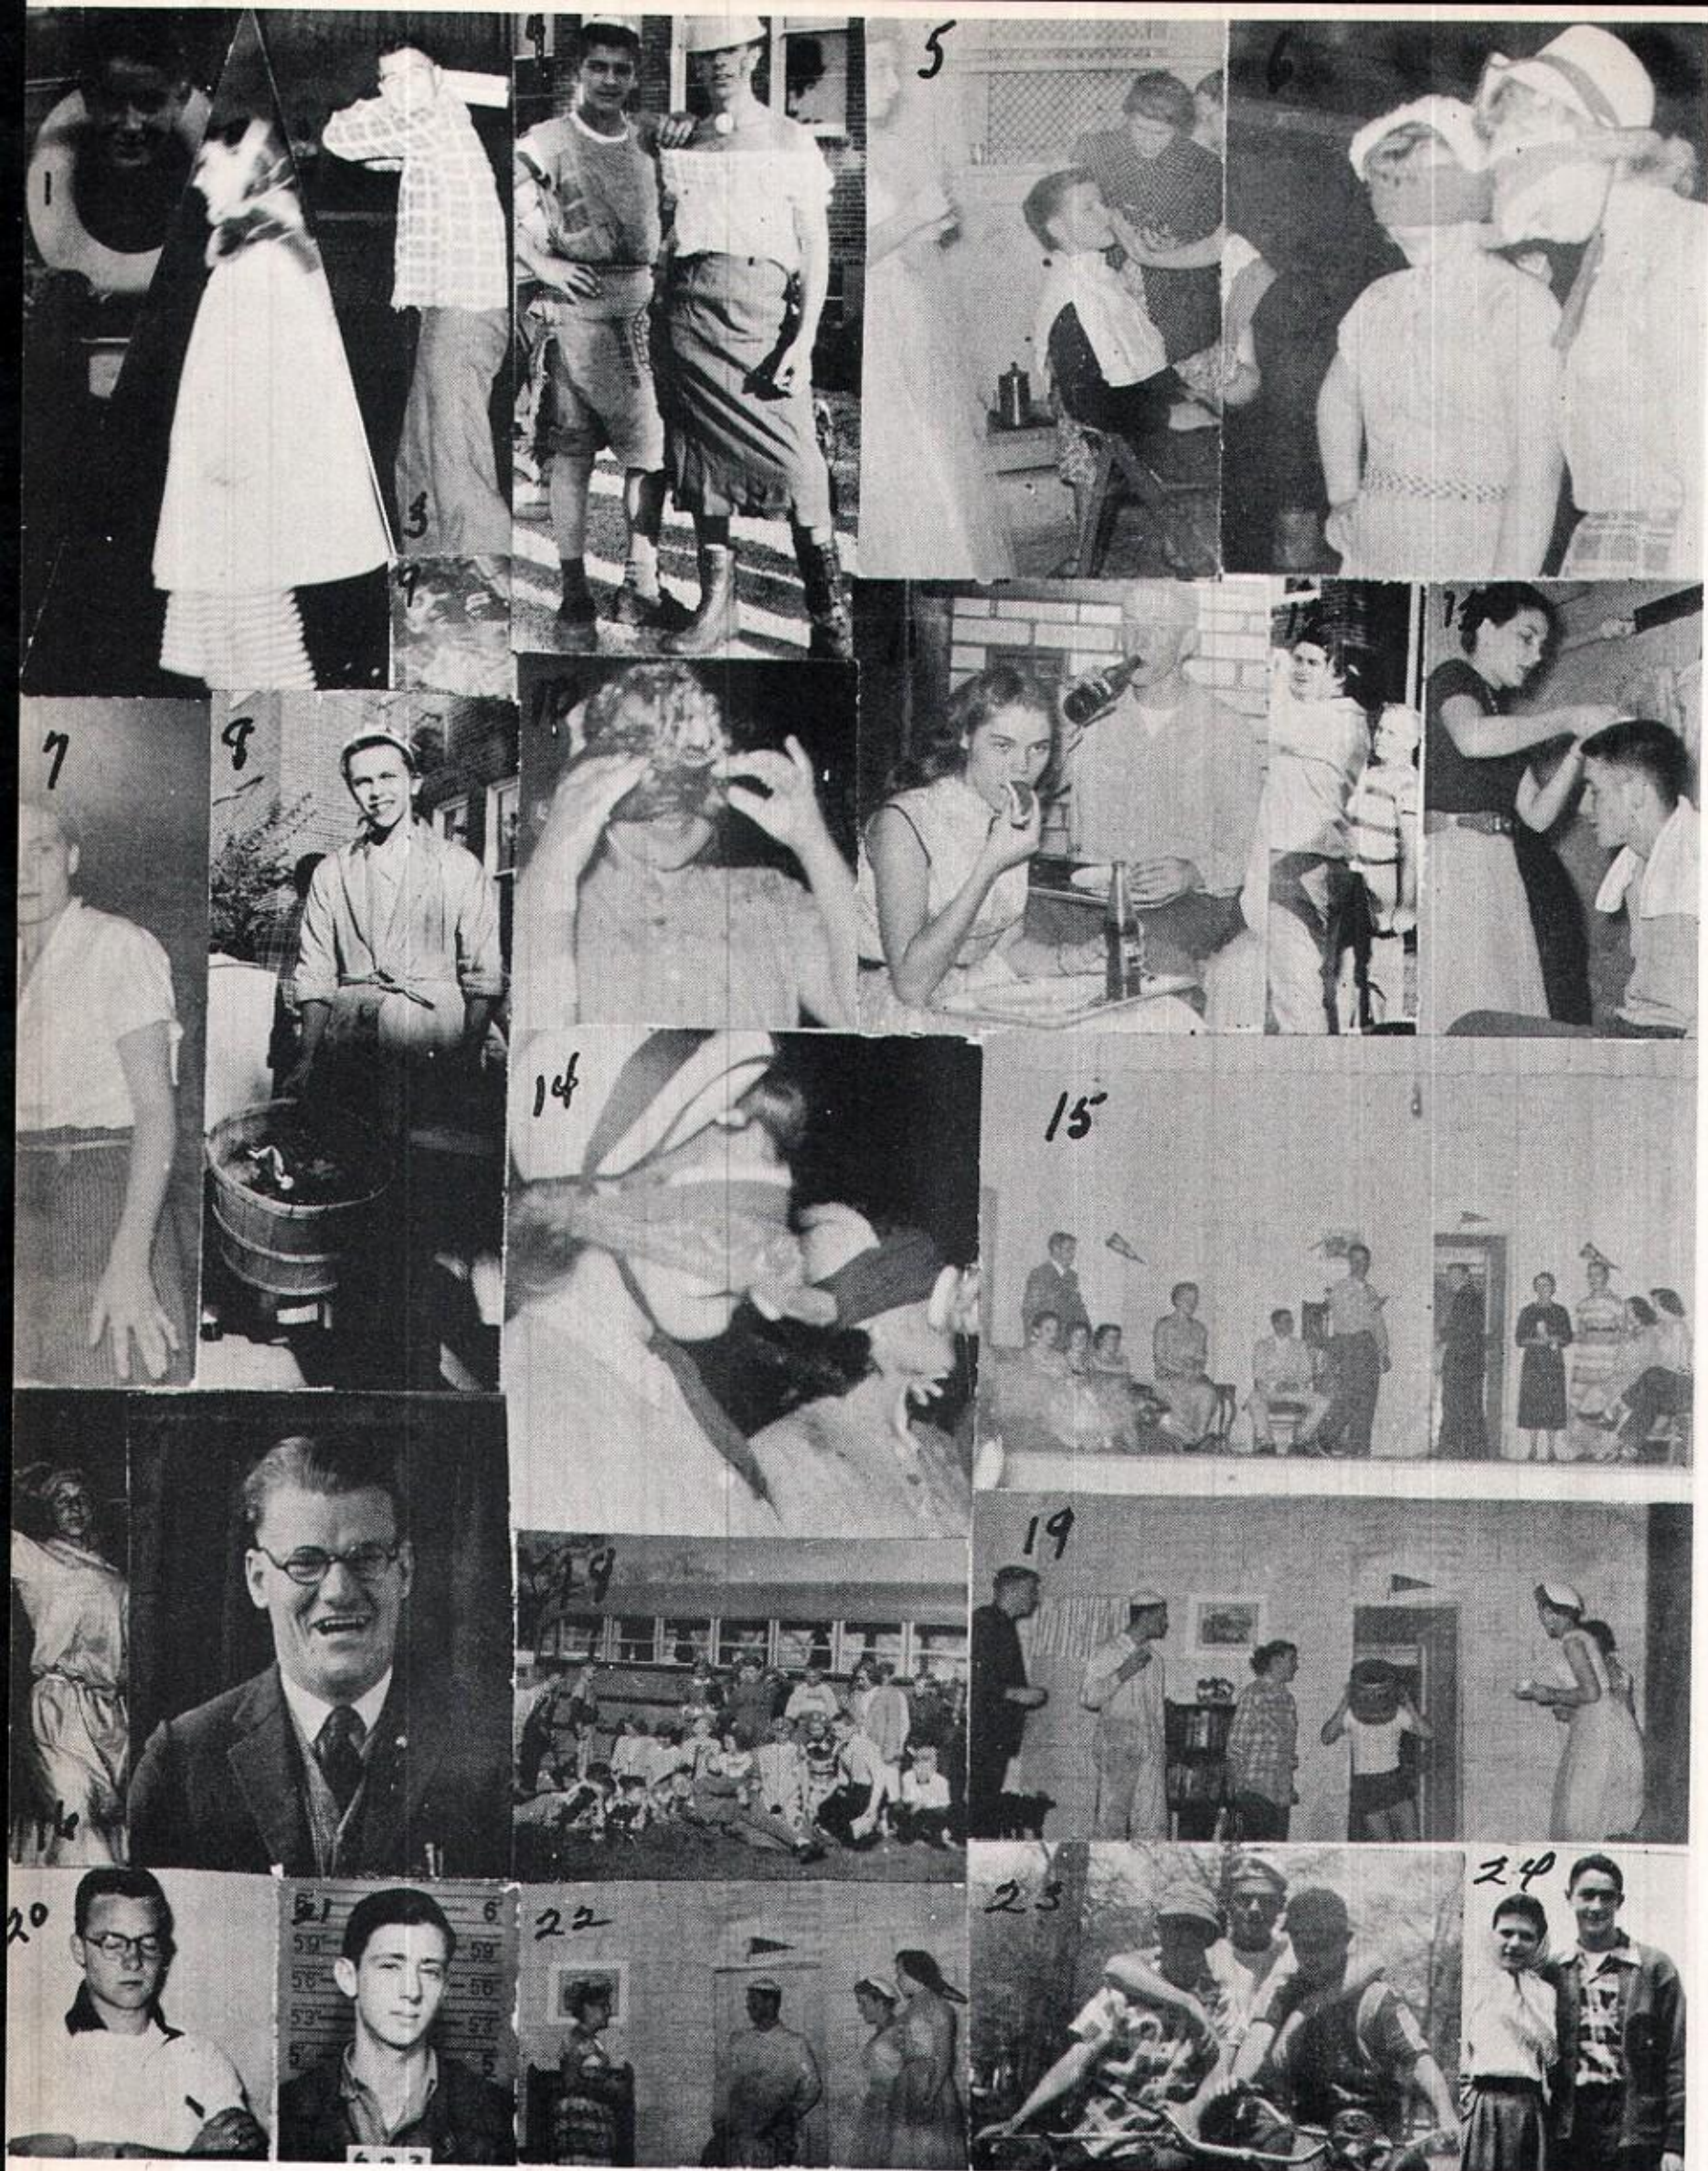

June 2, on U. S. 30 all the way home. Twelve days of travel over eight states, from the midwest to the ocean, and return, on this get acquainted trip. At no one stop will the traveling Grovertown seniors be able to see everything but they will have had an introduction to a cross section of our great democracy. A touch of the past and a glimpse of today, if they gain this the trip and its preparation has been time well spent.

Manager Art Borrelli, Jerome Howard, Rex Howard, Dean Kelly, Jack Wallace, Charles Schumacher, Coach B. R. Berkshire.

Bottom row:

Bob Burris, Lynn Frain, Ted Fellner, Jerry Seese, Ronnie Sanders.

Being handicapped with only five returning lettermen and a lack of height, Coach B. R. Berkshire of the Grovertown Rams had a very successful season, winning 13 and losing only 7. The Rams ended up the season with an average of 650.

We hope the Rams have just as good or better records in the future.

Coach B. R. Berkshire awarded six award jackets to four players and two managers.

"Rams End Season Victoriously"

The Grover Rams under the direction of their new coach, Larry Richey, ended one of its most successful baseball seasons. They beat the Marshall County Champs by a score of 5 to 0. High lighting the season was three no hit, no run games pitched by our star, senior pitcher, Jerome Howard. Jerome won three of the victories, Rex Howard won three and Bob Burris won two.

In a conference with Coach Richey he had this to say about the baseball team, "It was the combined effort of every member on the team that made for a successful season. The fine cooperation of the whole team, and the hustle of the reserves to keep their jobs was an important factor in the winning season. It was certainly enjoyable working with such a fine group of boys."
